BUILD UP YOUR SOIL

Inoculate All Your Legumes with NITRAGIN

Make the most of your seed, soil and labor. Don't let legumes rob your soil! If not properly inoculated legumes "steal" fertility from the soil. If inoculated with Nitratin, they draw fertility from the air... grow faster, heavier... make more and richer feed... return more nitrogen and organic matter to the soil... protect and build up the soil. The cheapest legume crop insurance money can buy is NITRAGIN!
